### Plan Review Fees

1. Plan Review fees shall be sixty-five (65%) of the applicable Building Permit Fee calculated using the above tables.
2. Plan Review Fee shall be submitted to the City at the time of building permit application.

### Use Tax

A city use tax will be collected before a building permit is issued and will apply to materials used in construction, per Chapter 4, Article III, Sec. 120 of the Lone Tree Municipal Code. For example, use tax is collected as follows: Lone Tree Use Tax = (Valuation of Project x .50) x 2.8125%, Douglas County Use Tax = (Valuation of Project x .50) x 1.0%.

No Douglas County Use Tax will be collected on mechanical, plumbing, electrical only permits/projects and photo voltaic systems. (examples: air conditioners, furnaces, water heaters and/or gas lines).

### Determination of Value

**Determination of Value:** The applicant for a permit shall provide an estimated permit value at the time of application. Permit valuations shall include **total value of work, including construction materials and labor**, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the building official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the building official.

In the event of a dispute, the Building Official shall use the latest version of the Building Valuation Data published in the International Code Council's Building Safety Journal or other similar cost per square-foot resources to determine the minimum acceptable valuation. Final building permit valuation shall be set by the building official.
