*What to ask when hiring a  
carpet cleaning contractor!*

Always ask pertinent  
questions before hiring a  
contractor.

*How and where will you discharge the  
water?*

- ✓ Some companies collect and haul away for disposal
- ✓ *NEVER* discharge to the street or storm drain

*What do you use to clean the carpet?*

- ✓ Water-based are resource-friendly
- ✓ Non-toxic and biodegradable are also key

*Do you filter the wastewater to remove the  
larger materials before discharging?*

- ✓ This is required prior to discharging

*What do you do with the residue?*

- ✓ When dried, dispose in garbage

*Please contact the City of Lone Tree Stormwater Department at
