On November 26, 2024, approximately at 4:00 p.m., a stolen black Ford F350 truck was driving recklessly and caused a multi-car crash on northbound I-25 just south of the RidgeGate exit in the City of Lone Tree. The truck was being driven by a Hispanic male suspect with a Hispanic female suspect as a passenger.

Armed with a knife, both suspects forced their way into a vehicle driven by a female who had stopped in the area once the accident occurred. The suspects forced her to drive a short way from the scene of the accident. The female suspect hit the victim several times while she was driving, and then forced her out of the car. The victim suffered minor injuries and was treated at a local hospital. The suspects then drove away in the victim's car, throwing the victim's phone out of the window along the highway. The stolen vehicle was later located in Denver near I-25 and I-70.

Hispanic Male suspect is described as about 40 years old, 5'8", medium build, shorter salt-n-pepper hair and 2-3-day beard growth, wearing a gray jacket.

Hispanic Female suspect is described as a lighter skinned than the male about 30 years old, 5'4", medium build, black hair pulled into a ponytail, black pants and a gray hoodie.
