You don't often get email from ngiauque@douglas.co.us. [Learn why this is important](#)

Good morning, Kevin,
Steve Shoultz forwarded me the email you had sent him regarding the bridge. I apologize for the extremely late response. The only concern we had was making sure that our trucks (F350-sized) would be able to go across the bridge for maintenance and snow removal.

Thanks,
Nick

Caution: This email originated outside the organization. Be cautious with links and attachments.

Hi Steve,

We received the referral comments back on the Hillcamp Trail project and I did not see any comments for you on the Pedestrian Bridge project. I just wanted to make sure that you had a chance to review it and that we have resolved all of your outstanding comments. I included a link below to download our latest plans.

<https://jrengineering.tuyu.io/publicDownload/riglyuu13tu7ua0a>

Also, the bridge will be similar to the other bridges along the East-West trail and we wanted to confirm that Douglas County will accept ownership and maintenance of the bridge.

Please let us know if there are any outstanding comments or if you want to hop on a quick call to discuss any of the final details.

Thanks,

Kevin J. Rohrbough, PE
